

Commander Series™ Commercial Gas Ultra Low NOx Water Heaters

Bradford White's Commander Series™ water heaters are ready to take charge of your most demanding commercial gas applications.

- Ultra Low NOx Construction – 14 ng/J NOx emissions
- 82% Thermal Efficiency
- ICON HD™ Intelligent Control System
- Shorter design allows installation where existing venting restricts water heater height
- Down-fired, Premix Power Burner – automatically regulates for optimum combustion and efficiency
- Ductable Air Intake - optional (PVC, CPVC, ABS)
- Top and Side Water Connections
- No Dampers or Pressure Switches
- Two Pass Flue System
- Perfect for multiple applications including Apartments, Hotels, Schools, Restaurants, and more

Committed to American Manufacturing,
Wholesale Distribution, and Professional Installation.

The versatile Commander Series™ commercial gas water heater, with its small footprint, light weight and shorter height, fits just about anywhere.

Commander Series™ Ultra Low NOx Atmospheric Vent Models

| Model Number | Gallon Capacity US Imp. | | Input Nat. BTU/Hr. Input | GPH Recovery at Degree Rise* | | | Height In. |
|-----------------|----------------------------|----|--------------------------------|---------------------------------|-------|-------|--------------------------------|
| | | | | 40°F | 100°F | 140°F | |
| UCG-80H-125-3N | 80 | 67 | 125,000 | 308 | 123 | 88 | 63 |
| UCG-80H-199-3N | 80 | 67 | 199,999 | 493 | 197 | 141 | 64 ³ / ₄ |

Bradford White ICON HD™ Integrated Commercial Control System

THE BRADFORD WHITE
ICON HD
COMMERCIAL CONTROL SYSTEM

- Temperature Control, Diagnostics, System Functions, and Operational Status
- LCD Digital Display
- Compatible with Building Management Systems
- Eight Service Screens for Simplified Troubleshooting

Advantages for the installer and user include:

- Quicker and easier diagnostics and service
- More user-friendly and accurate temperature control
- Option of full programmability to save energy and money
