(A) = ASME Available

For Propane (LP) Gas models change suffix "N" to "X" and remove "E" from the model number.

\* = Recoveries are based on the listed Thermal Efficiencies.

Dimensions and specifications subject to change without notice in accordance with our policy of continuous product improvement.

THE BRADFORD WHITE  
**ICON HD™**  
COMMERCIAL CONTROL SYSTEM

## Bradford White ICON HD™ Integrated Commercial Control System

The Bradford White ICON HD™ System is the most advanced control you'll find on any water heater in its class. The ICON HD™ combines temperature control, diagnostics, system functions, and operational status all in a single digital LCD interface. Advantages for the installer and user include quicker and easier diagnostics and service, more user-friendly and accurate temperature control, and the option of full programmability to save energy and money. No competitive model offers such an advanced control system and it comes standard on our entire line of heavy-duty electronic ignition commercial water heaters.
