Architect/Engineer Specification

Chicago Faucets No. 930-317SAM, Sink Faucet for hot and cold water, with vacuum breaker, single-hole deck mount, chrome plated with chemical-resistant Satin Antimicrobial (SAM) finish. Rigid/swing gooseneck spout with atmospheric vacuum breaker, 6" center-to-center. Serrated, full-flow laboratory nozzle. 4" metal, vandal-proof, wristblade handle with sixteen-point, tapered broach. Quatum™ rebuildable compression cartridge, opens and closes 90°, closes with water pressure, features square, tapered stem. Flexible stainless steel supply hoses with 3/8" compression fitting. NOTE: Atmospheric vacuum breaker is NOT intended for continuous pressure applications. This product meets ADA ANSI/ICC A117.1 requirements and is tested and certified to industry standards: ASME A112.18.1/CSA B125.1, and Certified to NSF/ANSI 61, Section 9 by CSA.

Operation and Maintenance

Installation should be in accordance with local plumbing codes. Flush all pipes thoroughly before installation. After installation, remove spout outlet or flow control and flush faucet thoroughly to clear any debris. Care should be taken when cleaning the product. Do not use abrasive cleaners, chemicals or solvents as they can result in surface damage. Use mild soap and warm water for cleaning and protecting the life of Chicago Faucet products. For specific operation and maintenance refer to the installation instructions and repair parts documents that are located at www.chicagofaucets.com.

Chicago Faucets, member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports and sport facilities. Call 1.800.TECTRUE or 1.847.803.5000 Option 1 for installation or other technical assistance.
