HANDED BY Seat

Technical drawing of a wooden cabinet with dimensions and labels. The drawing shows a side view of the cabinet with a central door and two side panels. The dimensions are as follows:

- Overall width: 48"
- Overall height: 43 1/2"
- Left side panel height: 21"
- Right side panel height: 22 1/2"
- Central door height: 16 5/8"
- Bottom panel height: 4"
- Overall width of the cabinet body: 44 3/4"

Labels and features include:

- Seam
- Soap Ledge
- Molded Seat
- Leg
- Leg Ledge
- Dashed Lines Indicate Full Wood Backing

Technical drawing of the front view of a cabinet. The overall width is  $36\frac{3}{4}"$ . The overall height is  $79\frac{1}{2}"$ . The lower section has a height of  $22\frac{1}{2}"$ . The lower section width is  $33\frac{3}{16}"$ . A vertical dimension of  $3"$  is indicated on the right side of the upper section. A label "Seam" points to a vertical line in the lower section. A dashed line indicates the internal structure of the lower section.

Technical drawing of a rectangular floor plate. The overall dimensions are 24" in height and 36 1/4" in width. The width is divided into two sections: 17 3/4" on the left and 19" on the right. A circular feature with a cross symbol is located in the center of the left section. A stippled area in the lower-left corner of the left section is labeled "Slip Resistant Surface". A vertical line separates the two width sections. The right edge of the plate shows a "Seam" where the plate meets the wall.
