CUSTOM SHOWER WALL PANELS

SPECIFICATIONS

Transolid® custom solid surface shower walls allows you to get a custom size width and height in the Classic or Natural Selections® colors listed below. Available in widths up to 72" and heights up to 96". Combine with any of our standard Slimline bases or a custom base. Installation for new and existing construction. Quick Ship - 10 day turnaround.

Panels can be ordered pre-seamed in large widths or can be ordered in widths of 36" or less at a more economical cost and joined with a batten molding. Maximum panel size 72" x 96".

CUSTOM SHOWER KIT INCLUDES

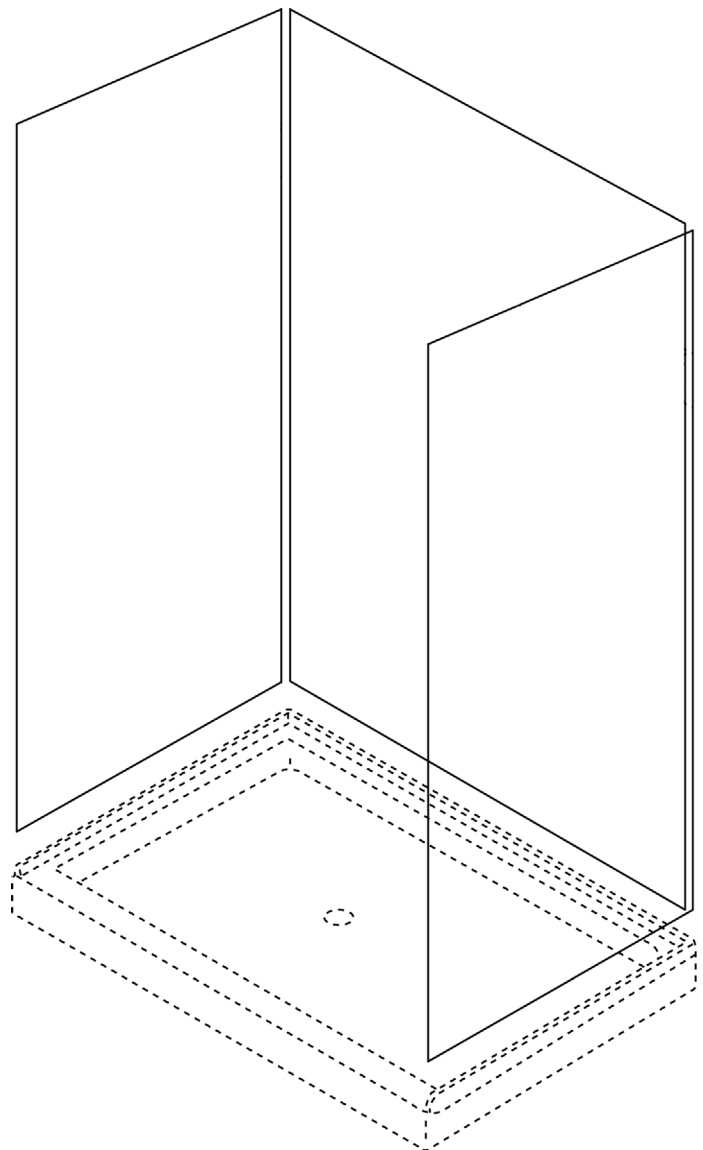

- Trim Molding
- Flat Corner Molding
- Top Bullnose Molding
- Installation Adhesive
- Silicone Sealant

OVERALL SHOWER HEIGHT

To determine the height of a shower, be sure to include the base height and add that to the wall panel height for TOTAL height.
Decor Base Height: 4"
Slimline Base Height: 3"
