Inspiring excellence every day

A future of innovation

Franke is renowned for excellence in home solutions. Our commitment to innovation drives us to embrace challenges and opportunities, continually pushing the boundaries of what's possible while enhancing everyday wellbeing.

By integrating innovative design into our kitchen systems, Franke offers products that provide maximum convenience and longevity. Innovation drives us as we explore new ideas and technologies to elevate your experience. Your satisfaction is our focus; we listen to your needs and aim to exceed expectations.

Every Franke solution is meticulously designed to blend form and function, delivering practicality and style to any home environment.

Designed with convenience and safety in mind

Choose the Italian craftsmanship of the Maris Lario faucet range for your family and kitchen, and experience a space where style, functionality, and safety come together seamlessly. This versatile range includes kitchen faucets, prep faucets, bar faucets, pot fillers, and advanced filtration faucets options, designed to complement other Franke products.

Authentic Italian Craftsmanship

Expertly designed in Italy, the Maris Lario faucet range embodies sophistication and durability. Available in three elegant finishes - Chrome, Satin Nickel, and Matte Black - it adds a touch of elegance to any kitchen while delivering reliable performance for daily use.

Precision Water Flow

Delivers a crystal clear, non-splashing water stream with very little noise - thanks to the laminar aerator on selected models.

Seamless Integration

The Maris Lario faucet range is crafted to bring a cohesive style to the kitchen, featuring kitchen, prep, bar, pot filler, and filtration faucets - all with a perfectly matching finish. These elements integrate seamlessly with one another and complement other Franke products, ensuring a harmonious aesthetic throughout the space.

Safety You Can Trust

The hot water filtration faucets boast innovative features like a sliding lock to keep your family safe and a cold-body system to keep the faucet cool to the touch, even when dispensing hot water.

Tailored models for every need

The Maris Lario faucet range is designed to coordinate perfectly with your ideal kitchen and includes:

Prep Faucets

Compact and efficient, ideal for smaller sinks or dedicated prep zones, these faucets offer precise water flow for delicate tasks thanks to the pull-down with spray function.

Pot Fillers

Make cooking more convenient with pot fillers that allow you to manage large pots directly at the stove. This thoughtful feature reduces heavy lifting and saves time, letting you focus on creating delicious meals without unnecessary effort.

Standard Kitchen Faucets

Featuring pull-down spouts with spray function, these tall faucets are designed to handle even the largest pots with ease. Perfect for busy kitchens, they simplify cleaning tasks.

Bar Faucets

Sleek, stylish, and designed to save space, bar faucets are an excellent addition to any kitchen or entertainment area. They provide all the functionality you need all while maintaining a modern aesthetic that complements your kitchen's overall design.

Filtration Faucets

Enjoy fresh, filtered water anytime and eliminate the hassle of buying and carrying plastic water bottles with Maris Lario advanced filtration faucets.
