

FEATURES

- Conceals the drain and creates a smooth, even surface for added workspace.
- Food-safe, hygienic, and easy to clean.
- Coordinate with the sink for a seamless look, match the faucet for a cohesive design, or choose a contrasting finish to create a signature style.
- For the nylon polymer covers, the color is integrated throughout the base material, providing a scratch and corrosion resistant finish
- PVD coating on the stainless steel covers creates an ultra-hard, scratch and corrosion resistant finish.
