Technical Information

All product dimensions are nominal.

Notes

CAUTION: Risk of property damage: Do not use lithium ion batteries with this product. Exposing lithium ion batteries to water can result in a fire.

The touchless toilet flush kit is not compatible with the following types of toilets: dual flush, ballcock valve, top actuator, and pressure assist.

To confirm that a flapper style flush valve is compatible, verify there are adequate clearances for the tank and lid as illustrated.

To confirm that a canister style flush valve is compatible, view the compatibility list of toilets found on kohler.com, K-1954 product detail page.
