Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

A second grounded outlet within the wall framing must be within 24" (610 mm) of the planned control amplifier. Provide a third grounded outlet if connecting a powered wireless device or adapter.

Remote blower installation kit is available for relocating the blower.

Do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly.

Control amplifier fits 16" (406 mm) center studs.
