5-31-2026 1:6 - US-CA

No change in measurements if connected with drain illustrated. (K-37382)

 Recommended Faucet Location

Installation

- Reversible drain
- Drop-in or undermount
- Smooth backside for easy handling and mounting of drain and overflow

Installation Notes

Install this product according to the installation instructions.

Measure your actual product for rough-in details.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Kit is required for under-mount installations (sold separately).

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
