

FLEXIBLE BATH WASTE

COMPENSATE FOR MISALIGNMENTS & OBSTRUCTIONS.
LESS SOLVENT WELDS!

The Dearborn Flexible Bath Waste is designed to handle misalignment problems. Flexible schedule 40 PVC pipe in place of rigid PVC overflow pipe allows the overflow tubing to easily bend from a misaligned drain pipe to the overflow hole of the tub. It eliminates additional cuts and solvent welded joints and takes just minutes to install. Fits most tubs up to 24" deep.

Easily overcomes job site obstructions and makes perfect alignment faster and easier. Reduces the amount of solvent welded joints needed in order to achieve the same result.

SAVE LABOR

SAVE TIME

SAVE MONEY

- **Makes a tough job easier**
- **Less solvent welded joints required**
- **Solvent welds just like traditional bath waste**
- **Available in 3 designer finishes** (Chrome, Oil Rubbed Bronze, Brushed Nickel)
