SPECIFICATION

Oatey MODA™ toilet supply boxes shall be used in residential or commercial applications requiring a supply valve recessed in the wall. The MODA™ toilet box assembly contains a 3/8" OD compression valve pre-installed in a PVC box, with inter-locking wing flanges on each side. The wing flanges shall allow installation on a single stud, or between two studs using the included side brackets. No additional components shall be required for a between stud installation. Valves shall be a two-piece design, permitting field replacement, and shall be secured with a stainless steel retention clip. Valves are available with or without water hammer arrestors and shall be installed upright or inverted. The assembly shall include an emergency drain port for protection from supply hose leaks.
