

FEATURES

- Durable SMC (Sheet Molding Compound) material for lightweight yet superior strength, beauty and easy cleaning
- Smooth surface for easy cleanability
- 3mm thickness
- Resistant to mold, mildew, mild chemicals, stains, and scratches
- Moisture resistance: designed to withstand humidity for extended periods without bending, swelling, or breaking down
- High thermal stability with a low linear expansion rate, reducing deformation from temperature changes
- Can be installed using an adhesive or fasteners

COLORS

- Available in White

WARRANTY

- 10-Year Limited Residential / 3-Year Commercial
