

Single Function Pressure Balance Tub/Shower Kit Greyson SMGPRK65T-1-

FEATURES

- 4-5/16" ABS showerhead is equipped with 7 functions (including rain, massage, spray, mist, pause function, as well as combination modes like rain & spray and spray & mist).
- 5-3/8" 304 US stainless steel shower arm with 1/2" male thread wall connection, G 1/2" showerhead connection, and round escutcheon.
- The Stainless Steel trim plate and handle are coordinated with a single function pressure balance valve. The valve features a 1/2" NPT male thread and incorporates screw driver stops to shut water off at the valve. The valve body is solid brass and comes with this plastic wall guard. Valve has a ceramic cartridge.
- Stylish zinc tub spout with 1/2" NPT male thread connection.
- Lifetime Limited Residential Warranty / 1 Year Commercial Warranty
