FEATURES

- Panels are each 4mm thick with 3 layers; a sandwich of thick aluminum on both the surface and back with a strong mineral resin core in the middle for strength.
- Technical qualities provide for strength and stability, with a structure that is highly water resistant.
- Super high resolution digital images are transferred to a specialized aluminum panel that yields an appearance of genuine stone, porcelain or concrete.
- Surfaces are highly scratch resistant and are available in super high gloss finish and ultra-honed finishes.
- Monotone only wall kits that come in a continuous pattern.
- Panels are extremely lightweight, weighing 1.3 lbs/sq. ft. for easy installation and handling.
- Fabrication is done with regular carbon steel tools, using a circular saw and an aluminum cutting blade.
- Panels can be used either in the shower or on bathroom or other room walls for a luxurious natural stone look.
- Kit includes (3) panels (two 36" x 96"and one 60" x 96"), (2) color-matched flat inside corner trims and (2) aluminum outside edge trims.
- Foldable back wall panel. The 60" panel is three separate panels that are taped together. They are then folded on the seams for packaging and shipping.
- 10 Year Limited Residential Warranty / 3 Year Commercial Warranty

OPTIONS

- Corner storage kits are available for installation with shower wall kits, as well as storage pods & caddies, grab bars, storage shelves, shower seats & benches are available to coordinate with the walls.
RECOMMENDED ADHESIVE *(sold separately)*

- T100 clear and T200 color-matched mildew-resistant 100% silicone adhesives.
