SAMUEL
MÜELLER

Whether you're remodeling your bathroom with a new look or refreshing your existing bathroom, Samuel Mueller® LUXURA offers the flexibility to meet your design needs without incurring the cost of specialist installation teams.

No special cleaning is required, most dirt and light residue will be easily wiped off with a damp cloth and soapy water.

LUXURA's renewable surface means persistent marks can be removed by using a mild abrasive cleaner.

Samuel Mueller® vanity tops coordinate with all shower & tub wall colors. See vanity tops.

MONTEREY solid surface shower and tub walls with beautiful, realistic, easy care subway tile pattern and matte velvet finish

Samuel Müller MONTEREY® solid surface material has color all the way through the entire thickness for a renewable surface in an easy care 4" x 8" subway tile pattern and smooth matte velvet finish. MONTEREY® subway tile pattern has the realistic look of tile without the maintenance of grout.

Wall panels are trimmable and easy to install. MONTEREY® walls are durable, resistant to stain and virtually maintenance free. The super dense surface won't support bacteria growth.

Wall kits include 3 wall panels and inside corner trim pieces. Walls available 60", 72" and 96".

TRINITY aluminum shower walls represent the most advanced technologies in digital printing and the most innovative materials available today.

Features of TRINITY Panels

- Panels are each 4mm thick with 3 layers; a sandwich of thick aluminum on both the surface and back with a strong mineral resin core in the middle for strength.
- Technical qualities provide for strength and stability, with a structure that is highly water resistant.
- Each design has 5 random patterns for a very natural marble or stone look.
- Panel designs are also available as a matching book-matched pattern. These unique designs are reversible thereby creating two different possible book-matched patterns with the same 2 panels.
- Surfaces are highly scratch resistant and are available in 2 different finishes; super high gloss and honed. Concrete panels come with a realistic textured finish.
- Lightweight for easy installation and handling.
- Fabrication is done with regular carbon steel tools, using a circular saw and an aluminum cutting blade.
- Panels can be used either in the shower or on bathroom or other room walls for a luxurious natural stone look.

PIONEER SMC shower walls with beautiful, realistic, easy care patterns

Samuel Mueller PIONEER® SMC Sheet Molding Compound material has 4 unique patterns: 3" x 8" Subway Tile, 12" x 24" Vertical Tile, Herringbone and Hexagon.

Walls can be trimmed to size easily in the field.

SMC color goes all the way through.

Wall kits include 3 wall panels, a brushed aluminum inside cove and finished end trim pieces. Walls are available in 72", 84", 96" height and 36" depths.

Size available:

60" x 36" x 72"

60" x 36" x 84"

60" x 36" x 96"

Shower Wall Transition models are pre-trimmed at 72" or 84" high with aluminum joining trim separator and a 24" or 12" height extension for easy installation up to a 96" height.

Size available:

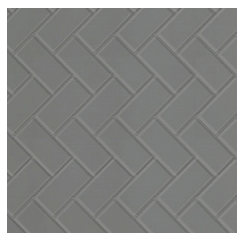

60" x 36" x 72/24", 60" x 36" x 84/12"

BATH ACCESSORIES - Storage Pods

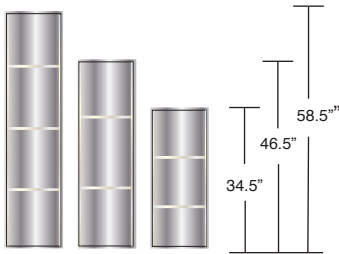

Horizontal Storage Pods

Horizontal Pods are designed to run the entire length of the shower in 60", 48" or 36" sizes

Vertical Storage Pods

Vertical Pods are designed to run between stud walls.

Lighted Storage Pod
SMSTHL1414-BS43B
with DC Powered Light

STORAGE PODS

Horizontal
SMSTH4614-BS

Vertical
SMSTV3414-BS

Vertical
SMSTV4614-BS48VB

Storage Pods are a beautiful and easy to install addition to Samuel Mueller solid surface walls. Storage pods can be used horizontal or vertical and installed between studs. Add solid surface material to the back walls of storage pods to either match or coordinate with wall colors. All pods have a 1/2" stainless steel frame surrounding the pod for a clean finished look.

Horizontal and vertical pods are available in 3 finishes: (BS) brushed stainless, PVD finishes (CB), Powder Coated finishes.

| PVD Finishes | Powder Coated | |
|-----------------------|------------------|----------------------|
| Champagne Bronze (CB) | Matte Black (MB) | Copper Metallic (CM) |
| | White (WH) | Antique Silver (AS) |
| | Grey (GR) | Coffee (CO) |
| | Cameo (CA) | Sea Foam (SF) |
| | | Venetian Copper (VC) |

Available Size:

| Horizontal | Vertical | Dimensions |
|------------|-----------------------|------------------------|
| SMSTH5814 | SMSTV5814 - 3 shelves | 58 1/2" x 14" x 3 3/4" |
| SMSTH4614 | SMSTV4614 - 2 shelves | 46 1/2" x 14" x 3 3/4" |
| SMSTH3414 | SMSTV3414 - 2 shelves | 34 1/2" x 14" x 3 3/4" |
| SMSTH1414 | | 14" x 14" x 3 3/4" |

To add solid surface material to the back walls, select the pod with the choice of the finish color and the solid surface color no., then add "B" for back wall. EX: if Monterey tile pattern is selected for back wall, order SMSTV5814-CB47B. This kit includes a 58" x 14" champagne bronze vertical storage pod (SMSTV5814-CB) and back panel in tile pattern Carrara color (SMSPBPV5814-47). The storage pod and back panel can be ordered separately.

Vertical Storage Pods include 3/8" tempered glass fixed shelves with locking clips. Shelves are cut with 1/4" clearance to allow water to run behind the shelves.

LED Lighted Pods have a waterproof light strip on the top for the horizontal storage pods or two sides for the vertical storage pods. Pods are Direct Current (DC) lighted which includes transformer and driver with an 8 ft. cord with illumination of lights triggered from a motion sensor built into the storage pod.

SMSTV3414-BS

Horizontal Pods are designed to run the entire length of the shower in 60", 48" or 36" sizes

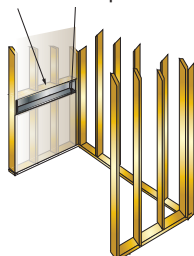

SMSTH5814-BS

Vertical Pods are designed to run between stud walls.

SAMUEL MUELLER SHOWER BASES

Samuel Mueller offers the shower bases in three different materials: Cast Solid Surface shower bases, Monterey Cultured Marble bases and Sheet Molding Compound (SMC).

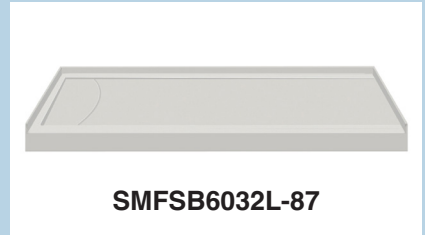

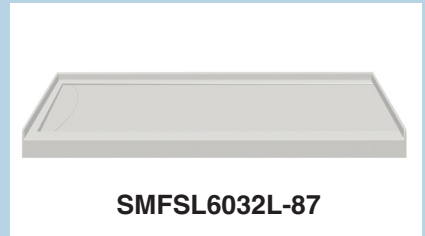

CAST SOLID SURFACE SHOWER BASES

SMFSL/SMFSLB low profile linear shower bases use special Compression Solid Surface material. The material is super dense and consistent throughout the base. This results in a product that is easy to repair, soft to the touch, contains gentle matte surfaces that will not support bacterial growth.

SMFSLB is designed for tub replacement. 8.5" drain center location provides a direct replacement for an existing bathtub. Simple installation to convert a bathtub to a 60" shower.

ADDITIONAL FEATURE:

- Extremely low 2" curb height for a sleek, modern look.
- Unique curving covered drain cover, conceals a shower drain and eliminates the need for decorative drain covers to match faucetry
- Available in Left drain and Right drain.

CULTURED MARBLE SHOWER BASES

SMFM6032R-50

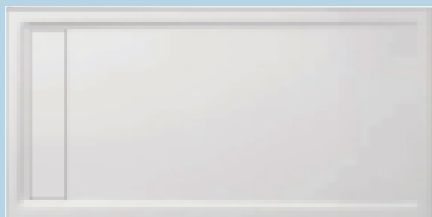

- Samuel Mueller attractive cultured marble material shower bases match all Monterey walls.
- Color matched modern shower drain cover uses conventional shower drains underneath.
- Ribbed slip resistant surface is both easy to clean and provides a slip resistant surface.
- Available in all Monterey colors.

SMC SHOWER BASES

Samuel Mueller SMC shower bases are made from a composite material composed of resin, fiberglass, and stone filler. Compression molded for precision radius and angles. Modern slip resistance with a stone look texture make it easy to clean as well as slip resistant. Ribbed structure for superior strength. Up to 21% heavier than competitive bases.

TRIMSLATE w/ ADJUSTABLE SINGLE THRESHOLD

SPECIFICATIONS

Customizable trimslate shower bases with our unique adjustable depth threshold are designed so the maximum depth can be adjusted by up to 2-1/2" without any trimming of the base. Trimslate bases can also be customized in the field to fit your space. For bases 60" in length or less a 60" add on trimmable threshold is included. For longer bases an 80" long add on trimmable threshold is supplied. The threshold has a 4" wide flat surface to accommodate shower doors. Colors: 31 White, 40 Dark Grey, 09 Black, 32 Cameo

MINIMUM DEPTH ADJUSTMENT
with Add-On Threshold TrimSlate base depth + 1"

MAXIMUM DEPTH ADJUSTMENT with Add-On Threshold
TrimSlate base depth + 2-1/2"

*Represents the min or max depth and width of base when not trimmed. The base can be cut in the field up to 4" in width and 2" in depth away from the drain to accommodate different dimensions.

SHOWER BASES - Custom SMC TrimSlate w/ Threshold

TRIMSLATE w/ ADJUSTABLE DOUBLE THRESHOLD

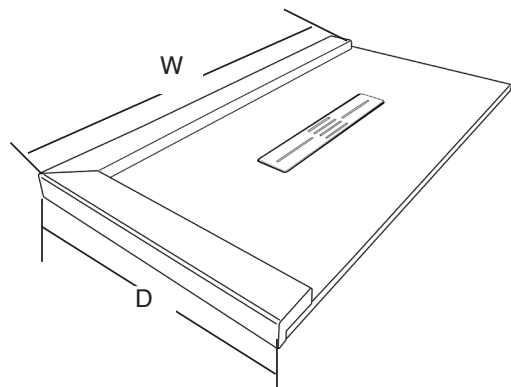

SPECIFICATIONS

Customizable trimslate shower bases with our unique adjustable depth threshold are designed so the maximum depth and width can be adjusted by up to 2-1/2" without any trimming of the base. Trimslate bases can also be customized in the field to fit your space. Bases can be trimmed up to 4" in width or 2" in depth from the drain without any loss of integrity. Bases are supplied with (2) 80" long add on trimmable thresholds with a 45° mitred edge to be cut in the field to size. The threshold has a 4" wide flat surface to accommodate shower doors.

Wet Room curbless shower bases are made for tile to go over them. The result is a seamless integration with the tile floor. The shower base becomes almost transparent to the surroundings. Shower base comes pitched for precise alignment of the drain with base and tile. Base is thin and structural. Base rests directly on the joists and matches up with surrounding substrate material. Installation for new and existing construction. Integral 1" high tiling flange. Only offer White color. Includes shower drain.

GENUINE MARBLE PRE-TILED & PRE-GROUTED CENTER, END DRAIN

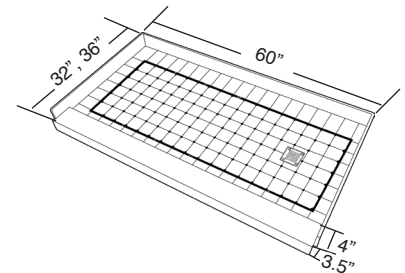

SPECIFICATIONS

SMFPT6032 L60" x W32" x H3.5"
SMFPT6036 L60" x W36" x H3.5"

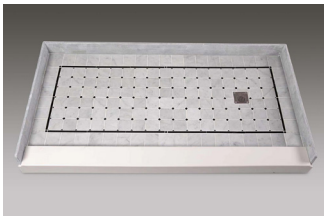

Pre-tiled genuine marble shower base. Shower bases comes totally pre-cut, and fitted with real marble tile in 3 unique designs. These bases have a special flexible epoxy grout and adhesive which provides for bacteria resistance, flexibility and long lasting durability. The marble tile is pre-installed and carefully placed on our Tile Ready SMC sheet molding compound shower base. This Tile Ready shower base core provides a waterproof envelope which prevents any water from leaking at the base. Each base comes with a polished stainless steel shower drain with a 2" PVC solvent welded or flexible connection. The stainless steel drain cover can be replaced with an optional matte black, white or cameo colored drain cover. Bases are available in 2 sizes in LH, RH or Center drain models.

Available in 3 patterns:

Hexagon Off-White (HO), Pebble Creme (PC), Square White (SW)

Shower Door Special Features

Nano Technology Glass Coating

Nano technology helps to keep your glass sleek and clean. Also used for windshields, this hydrophobic coating makes glass surfaces easier to clean by making them water, oil and stain resistant.

It provides a LONGER LASTING effect, keeping your shower door squeaky clean and visually appealing.

- NO to soap scum and hard mineral deposits
- Water and oil resistant
- Resists bacteria, reduces mold and mildew growth
- Provides easier & less frequent cleaning, meaning fewer harsh cleaning chemicals in the shower and down the drain.
- Contributes to a cleaner, healthier & safer Showering environment.

With Nano Coating

Without Nano Coating

Extra Tall Shower Enclosure & Impressive Glass Thickness

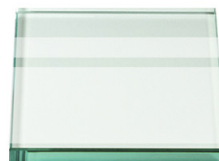

Our shower doors offer more room to get in and get out. Our doors are up to 8 inches taller than the standard 72" high shower door.

For stability and overall soundness, our shower door glass is available in 8mm (5/16") and 10mm (3/8")

Special frosted glass pattern available.

SHOWER DOORS - Ethan Door & Panel System TruMOTION

- Our Ethan shower doors feature a unique TruMotion® slow closing hinge for effortless safe closing. Never worry again about doors that are slammed shut. This unique TruMotion® hinge features an adjustable 3 position timing enabling the user to adjust the closure from either slow or fast paced closing.
- The glass doors and fixed panels feature 76" height.
- Nano coated surfaces for an easy to clean surface.
- Our Ethan door and panel system features extremely clean lines for a modern look. Models are available in swing door, door and in-line panel, or door and glass to glass hinged panels.
- Our size range includes every size from 24" – 84.5" in width by 76" in height. And for maximum flexibility, all of our doors are REVERSIBLE.
- Doors are also available with notched panels as well as return panels for additional flexibility as special order.

SHOWER DOORS - Ethan Hinged Door Type E

TruMOTION

Type E

Glass to Glass Hinged Door & (1) Panel w/ L Bracket

ETHAN LB HINGED DOOR (TYPE E)

SPECIFICATIONS

TruMotion® SOFT CLOSE featured 76" height hinged shower door with fixed panel combinations offer different variety to meet different shower sizes. Hinges are heavy duty **304 stainless steel**. Special **Nano** Protection surface treatment that keeps glass looking clean. **3/8" (10mm)** thick glass. The door is reversible. Heavy duty **L bracket** adds the extra support to the fixed panel. 24" wide hinged panel is a convenient option for a limited space bathroom with a smaller door. The door can fit up to 54-7/8" maximum opening.

Type E includes glass mounted door and one stationary panel w/ "L" bracket. The side wall profile on stationary panel allows up to **1/2" out-of-plumb** adjustment. Clear vinyl seal on the door gives a **3/8" out-of-plumb** adjustment.

Frame Finishes: Polished Chrome (PC), Brushed Stainless (BS)
Matte Black (MB), Champagne Bronze (CB)
Glass Patterns: Clear (C)

To complete the order: select Shower Door without Handles and add Handles of your choice. EX: **SMEHTE-48247610C-PC** and **SMDH-BND-D-J-PC** (Polished Chrome Ethan Hinged Door for total width 48" with 24" x 76" Clear glass door with Polished Chrome Diamond Juliette Double Sided Barn Door Handle)

Handle selections, see page 101-102.
