

FEATURES

- Panels are each 4mm thick with 3 layers; a sandwich of thick aluminum on both the surface and back with a strong mineral resin core in the middle for strength.
- Technical qualities provide for strength and stability, with a structure that is highly water resistant.
- Each design has a very natural marble or stone look.
- Panel designs are also available in a continuous pattern that allows the design to flow from one panel to the next. Caesar Grey panels do NOT come in a continuous pattern.
- Surfaces are highly scratch resistant and are available in 2 different finishes: super high gloss and honed. Caesar Grey panels come with a realistic textured finish.
- Panels are extremely lightweight, weighing 1.3 lbs/sq. ft. for easy installation and handling.
- Fabrication is done with regular carbon steel tools, using a circular saw and an aluminum cutting blade.
- Panels can be used either in the shower or on bathroom or other room walls for a luxurious natural stone look.
- TWK Wall kits include (2) inside corner trims and (2) edge trim pieces.
- TWK_C Continuous wall kits include (4) panels (two 39" x 96" or 48" x 96" side panels and two 39" x 96" back panels, (2) color-matched inside corner trims, and (2) aluminum outside edge trims.
- 10 Year Limited Residential Warranty / 3 Year Commercial Warranty

COLORS

- 8 colors available in High Gloss (G) and Ultra Honed (H) finishes. Concrete only available in Matte Textured (T) finish.

OPTIONS

- Storage pods & caddies, grab bars, storage shelves, shower seats & benches are available to coordinate with the walls.

RECOMMENDED ADHESIVES *(sold separately)*

- T100 clear and T200 color-matched mildew resistant 100% silicone adhesives.
